

ENA POSTGRADUATE COURSE 2020

NUTRENVIGEN-G+D FACTORS MASTER

DEGREE 2019-2020

Early Nutrition Academy Postgraduate Course
"Early Programming of Systemic Functions"

14th – 16th May 2020

Symposium Venue:

School of Medicine, University of Santiago de Compostela (Spain)

Organizing Committee

President

Rosaura Leis (USC)

Vicepresident

M^a Luz Couce (USC)

President of the Early Nutrition Academy

Berthold Koletzko (UMU)

Responsible of the ENA Spanish Delegation

Coordinator of NUTRENVIGEN-G+D Factors Master Degree

Cristina Campoy (UGR)

Vocals

Adolfo Bautista (USC)

Francisco Javier González-Barcala (USC)

Jorge Barros (USC)

Pilar Samper (UNIZAR)

Luis Moreno (UNIZAR)

Gerardo Rodríguez (UNIZAR)

Ricardo Closa (URV)

Joaquín Escribano (URV)

Verónica Luque (URV)

Early Nutrition Academy Symposium
"Early Programming of Systemic Functions"

PRELIMINARY PROGRAM		
14/05/2020		
15:00-15:15	Welcome	Rosaura Leis (USC) Cristina Campoy (UGR) Berthold Koletzko (LMU)
15:15-16:00	Opening Session: Early life programming of long-term health: do metabolic signals matter?	B. Koletzko (LMU)
16:00-17:30	Workshop 1: Early Programming of Respiratory Function	
	Early care and respiratory function	A. Muñuzuri (USC)
	Early life styles and risk of respiratory pathology	F. González-Barcala (USC)
	Early nutrition and respiratory function	M. Sáez de Pipaón (UMA)
17:30-18:00	Break – poster walk	
18:00-18:30	<i>How do I get my paper published?</i>	B. Koletzko (LMU)
	Social events program	
15/05/2020		
8:30-10:30	Workshop 2: Early programming of Kidney Functions and glucose metabolism	
	Early programming of kidney diseases	A. Urisarri (USC)
	Early programming of children hypertension	J. Escribano (URV)
	Early programming of glucose metabolism	S. Sebert (OUY)
	Gestational Diabetes and metabolic risk	G. Bueno (UNIZAR) ¿? M. Gil (UCO)
10:30-11:00	Break – poster walk	
11:00 – 13:00	Workshop 3: Early programming of Neurodevelopment and brain functioning	
	Early nutrition and life style on neurodevelopment and behaviour	C. Campoy (UGR)
	Inborn error of metabolism and brain development	M.L. Couce (USC)
	Neuroimaging patterns of brain development	A. Catena (UGR)
	Circadian rhythms programming in children of diabetic mothers and role in neurodevelopment	E. Larqué (UMU)
13:00 -14:00	Training on Paediatric Nutritional Screening	R. Leis (USC) P. Samper (UNIZAR) M. Gil (UCO)

		V. Luque (URV) (USC)
14:00 – 15:30	Lunch	
15:30 – 17:30	Workshop 4: Early programming of adipose tissue	
	Overweight and obesity in children and adolescents	L. Moreno (UNIZAR)
	Genes and overweight and obesity	C. Aguilera (UGR)
	Preterm nutrition and obesity risk	G. Rodríguez (UNIZAR)
	Brown and white fat	M. López (USC)
17:30-18:00	Break – poster walk	
18:00 – 18:30	<i>How to grow a Scientific Career?</i>	E. Verduci (UNIMI)
	Social events program	
16/05/2020		
8:30-10:00	Workshop 5: Early programming of gastrointestinal functioning	
	Gastrointestinal-brain axis	C. Diéguez (USC)
	Microbiota, dysbiosis and risk for health	R. Leis (USC)
	Pre/probiotics as modulators of the microbiota	E. Verduci (UNIMI)
10:00 - 10:30	Break – poster walk	
10:30 - 11:00	Best abstracts presentation	
11:00 – 12:30	Training: Neurocognitive and behavioural evaluation in children	C. López-Sanguos
12:30 – 13:00	Closing Conference: Traditional Atlantic Diet: A sustainable eating pattern	G. Feijoo (USC)
13:00 – 13:15	CLOSING SESSION, RAR-UP & GOODBYE!	R. Leis (USC) ML. Couce (USC) C. Campoy (UGR) B. Koletzko (LMU)
